## How does it work for Dealers?

**1** Purchase a set of 4 Dynapro AT2 Xtreme tyres plus a wheel alignment at a Hankook dealer.

**2** Sign up to Limited Treadwear Warranty program.

**3** Return to Hankook dealer for maintenance service every 10,000km or 6 months, whichever comes first.

**4** If worn down to Tread Wear Indicator before delivering 70,000 km for P-Metric sizes or 60,000 km for LT-Metric sizes within 5 years of purchase

## Dealer's Responsibility

*To make a eligible claim under Limited Treadwear Warranty Program:*

### <At the Time of Sale>

- Dealer must provide an adequate explanation of the Limited Treadwear Warranty Program to customers regarding the program and customer's responsibilities, and sign on the Service Booklet.
- Wheel alignment and balancing must be performed at the time of sale.

### <During Services>

- At every service, tyres should be checked for visual inspection, inflation, rotation and balancing, and appropriate services must be conducted when it is deemed necessary by the dealer.
- Tyre's air pressure must be set to the vehicle's manufacturer's specifications.
- Tyres must be rotated every service.
- If there is an evidence of incorrect wheel alignment, such as irregular wear, the dealer must provide an explanation about the issue and conduct wheel alignment.
- After service, Dealer must tick the services that were provided to customers and provide a stamp along with an invoice if applicable.

### <Claim>

- If the tyre had worn evenly down to tread wear indicator before reaching the guaranteed mileage, within 5 years of purchase and the customers had met the terms and conditions, the customer is eligible for a pro-rata claim on the replacement tyres.
- Dealers must check whether the Service Booklet is properly maintained and the relevant documentations, tyre and wheel alignment invoices, are provided by the customer (Dealer must ensure that the customer had complied with all the terms and conditions).
- If the customer complied with all the terms and conditions, Dealer must provide a pro-rata credit using the calculation method below as a form of discount on the price of the replacement tyres.

## Credit Calculations

### P-Metric Sizes

$$\text{Credit} = \frac{70,000 - \text{kilometres travelled}}{70,000} \times \text{Price}$$

### LT-Metric sizes

$$\text{Credit} = \frac{60,000 - \text{kilometres travelled}}{60,000} \times \text{Price}$$

In the rare case your Dynapro RF12 does not last 70,000km for P-Metric sizes, or 60,000km for LT-Metric sizes, a pro-rata credit will be provided using the formula above.

This means, if your Dynapro RF12 delivers 63,000km on P-Metric size, you will receive a discount of 10% ( $7,000/70,000=10\%$ ) on your replacement tyres. If a set of 4 replacement tyres cost \$1,000, we will provide a credit of \$100 towards it.

## Terms and Conditions

*To be eligible for the Limited Treadwear Warranty of Dynapro AT2 Xtreme,*

1. Tyres in a set of 4 or more plus a wheel alignment must be purchased in a single transaction at a Hankook authorised dealer.
2. The size of the tyre must be included in the list of sizes covered by the Limited Treadwear Warranty program.
3. Dealers and customers must agree to the Terms and Conditions and sign on the signature space of the Service Booklet.
4. At the time of purchase, wheel balancing and alignment must be conducted.
5. The service must be conducted every 10,000 km or 6 months, whichever comes first, at a Hankook authorised dealer. Tyres must be rotated at every service, and the service must include visual inspection, checking for appropriate tyre pressure, wheel balancing and alignment, and receiving appropriate services when needed.
6. The original purchase invoice, wheel alignment invoices and Service Booklet should be retained for the whole period of Limited Treadwear Warranty program.
7. Replacement tyre refers to Dynapro AT2 Xtreme or an equivalent Hankook tyre of our choice should Dynapro AT2 Xtreme become unavailable.

Warranty is not transferable for a change of vehicle ownership, and expires after the warrantied kilometres or 5 years from the date of purchase, whichever comes first.

## Exclusions

*This Warranty excludes the following:*

1. Tyres which are unevenly worn down to the tread wear indicators.
2. Tyre sizes which are not qualified under the list of Limited Treadwear Warranty program.
3. Damages including but not limited to punctures, gutter damage, breaks/cuts from foreign object, vandalism, wilful damage or chemical degradation.
4. Wear caused by improper use, including but not limited to improper inflation, overloading, wheel imbalance, defective vehicle mechanical components and misalignment.
5. If a need arises to replace one or more tyres of the set of 4 (four) originally purchased under Limited Treadwear Warranty, the new tyre(s) will not be covered under the warranty program.
6. Tyres used in motorsports and competitive use.
7. Tyres supplied as original equipment.
8. Any tyre that has not been repaired in accordance with the industry standards.

All four Dynapro Dynapro AT2 Xtreme tyres must be fitted to the same vehicle to be eligible. Liability and losses of a consequential nature are limited to the extent permitted by law.
